OUR nursery of two hundred and twenty-five acres is the outgrowth of a planting of one-half acre made in nineteen hundred. By maintaining a high standard of quality and giving prompt service, we have experienced a steadily increasing demand for our products, and this without the aid of advertising.

Stock will be supplied at prices named herein as follows: five of any one variety at ten rate; twenty-five of any one variety at hundred rate. Packing extra at cost. Special prices will be made on large quantities upon receipt of list.

We do not guarantee our stock to live and no allowance will be made for goods that fail to live after being planted. Our methods of handling and packing stock are up to date and we guarantee goods to be in good condition and well packed when they leave our grounds. Our responsibility ends upon delivery to carriers. Evergreen Trees

In this department our stock is thrifty and fiberously rooted, having been several times transplanted. Failure to frequently transplant results in a coarse root system; an evergreen so grown, regardless of how symmetrical and attractive the top may be, is almost certain to fail to grow when planted by the purchaser. Our prices include lifting the plants with a ball of earth and sewing it in burlap as an extra precaution that the plant may arrive in the best of condition.
